

**Trac Ecological's advanced descaling systems provide an environmental answer to internal, in-place cleaning, of all your vital onboard equipment!**

**Port-O-Flush Jr. ®** is the smallest flushing unit available on the market today. A powerful tool packaged into a five-gallon bucket, **Port-O-Flush Jr.®**, provides portability and versatility while still efficiently handling small to medium size engines, heat exchangers, air conditioning & refrigeration systems.

Designed with the do-it-yourself boat owner in mind, the **Port-O-Flush Jr. ®** is extremely simple to use. Tasks which normally would have led to days of down time can now be confidently preformed within an afternoon.

TRAC's **Port-O-Flush Jr. ®** can be easily stowed onboard, providing added insurance for emergency engine overheating conditions!

Every **Port-O-Flush Jr. ®** comes complete with all the hoses and fittings you'll need to perform applications on most engines & equipment commonly found on today's small to medium sized vessels.

**Specifications:**

- High density polyethylene five-gallon container with lid
- Anti-corrosive, epoxy encapsulate, centrifuge submersible pump
- Tough schedule 80 PVC fittings
- Supply & discharge isolation valves
- (2) 10' 5/8" nylon reinforced hose with fittings
- (2) 1/2" male NPT nylon adaptors
- (2) 3/4" male NPT nylon adaptors

SERIES 2		200-100
max. flow	gpm lpm	5 18.5
max. head	ft m	13 2.7

max. liquid temp.	°f °c	130 54
weight packed	lbs kg	5 2.3
materials in contact with solution @		Epoxy, Polypropylene, Ceramic, Viton, SJT cord, Stainless Steel

**Why YOU need a Port-O-Flush Jr. ®**

- ▶ **Engine overheating:** Over time, both fresh & salt water cooled engines will develop scale and marine growth build up. Eventually this will cause the engine to overheat. Flushing with the Port-O-Flush Jr. ® will ELIMINATE ALL SCALE AND MARINE GROWTH!
- ▶ **Air conditioning not cooling:** When scale builds up inside A/C condenser coils, heat transfer is significantly reduced. This will cause your A/C to work a lot harder to cool your boat. Flushing with a Port-O-Flush Jr. ® will make sure your air conditioning maintains its efficiency!
- ▶ **Pipes Clogged:** having a Port-O-Flush Jr. ® on hand means you never have to worry about clogged pipes again. Anything from black water lines to fresh water systems, Port-O-Flush Jr. ® is always ready for the task.

**The Port-O-Flush Jr. ® has been designed for use with any of TRAC's environmentally friendly products. Careful attention has been given to ensure safety of both you and your equipment.**
